# Specialist Medicines Service – South Tyneside

Valid from 1st April 2022

## Specialist Medicines Service

### Specification Summary

#### Aims

To provide patients at the end of life dying in their preferred place, access to medicines for specialist palliative care services and a reduction in unnecessary hospital admissions for patients at the end of life.

#### Description

Pharmacies will stock all medicines as listed in Appendix 1.

If any medicine is not in stock the pharmacy will contact other designated pharmacies (Appendix 2) to obtain stock in order to fulfil the prescription or signpost to pharmacies that have stock.

Alternative pharmacies must be contacted before patients are directed to them to avoid patients / carers having to visit a number of pharmacies.

Any issues with stock will be reported to CCG link pharmacist.

Appropriate records should be kept on PharmOutcomes which will generate invoices for payment.

Contractors will be reimbursed:

- £700 annual retainer (paid monthly)
- Initial set up costs of medicines - £700 (single payment in the first month of service delivery)
- Costs of expired medicines required to be stocked but not dispensed
